Autumn gardening and stocking the winter firewood shed
Clearing the way for the sledge bearing the SSRC raft
Surprise Sunday visit by monastics planning a Dominican nunnery in Squamish valley
Connecting micro-hydro pipeline to new flume & intake box at power pond
Raft moved to its winter mooring

Micro-hydrogen shed paneled

Boulder Spring pipeline insulated for winter flow

Also, ditches were cleared, brush and leaves near buildings were removed, winter marker poles were staked along access road, the peninsula trail was further developed, and bulbs were planted!
